Hockey Clubs Plan Carnival

Four Queens Heighten Interest

Fancy Skating, Tug-o-war On Ice, . . .

The local Junior Hockey Association is planning a "Queen of the Carnival" which includes The Juniors, Juveniles, Four Strathmore organizations, Midgets and Peas, with the Executive, who have each sponsored a young lady, for ice and officers of these teams, who will solicit your vote and in planning a thrilling and attractive ice carnival to be held in February. The exact date to be announced later.

Fancy skating, that most thrilling and graceful sport will be demonstrated by some experts. A Tug of War by Strathmore men and their friends will be an amusing feature. Races for all ages, fancy costumes and novelty skating will provide the usual excitement. First and foremost however in creating a real live interest in the event

OFFICIAL REPRODUCTION OF CANADA'S BATTLE FLAG

Indications are that the movement is growing to have Canada's battle flag adopted as the recognized flag of the Dominion when the war is over. This is the official reproduction of the design worked out by Col. Porteous, Duguid and first seen when Canada's

first contingent of troops unfurled it on British soil. The general field or background is pure white. The maple leaves are "standard red" usually as used in the Union Jack. Veins of the leaves are green. The circle black ground for the fleur-de-lis is "standard

blue," also usually seen in the Union Jack. The fleur-de-lis is gold or yellow. Slight variations of shades are permissible to secure an artistic effect in the flag's colors or shades vary slightly according to the abilities of various flag-makers.

JOSEPH MARKS CONCERT GIVES EVENING OF RARE PLEASURE

FINEST MUSICAL EVENING GIVEN IN STRATHMORE IN MANY YEARS

The Musical Evening provided Wednesday by Joseph Marks, Violinist, Mrs. Eleanor Newton Calles, Mezzo Soprano and Mrs. Philip House as accompanist was unquestionably the finest that has been heard in Strathmore within the past fifteen years.

Mr. Marks' playing is superb. Her words are full to describe—one needs to hear to understand and appreciate.

The audience listened to his playing in an enchanted hush. Seldom does a solo have the power to so vividly enter into the audience to listen with such a complete absorption.

In his rendering of Bach's Chaconne, the beauty of his tone was a never ending delight, and he accomplished with apparent ease, the many difficult and varied bowings.

In the Allegro, and Prestissimo by Kreisler his accented bowings were superbly executed. Each note seemed to carry over to the audience its own particular thrill.

The feat of memory shown in the evening's performance was in itself remarkable. A description of each number is impossible, but the fine quality of his tone and the purity of his harmonies made his playing a continual joy.

As accompanist Mrs. House filled a large and difficult part with a mastery and ease.

To her excellent accompanying is due a large share in the success of the delightful evening.

Mrs. Eleanor Newton Calles in her part fully demonstrated the wonderful quality of a voice well trained and under perfect control. Her imitation of the bird was a difficult feat, yet she accomplished it with a variety of choice of selections was a varied one, giving proof of the wealth lying beneath.

Following is the programme—Andantino—Mortini Kreisler. Concerto G Minor—Bruch. A Feast of Lanterns—Baretok. The Night Wind—Farley. Rise Up And Reach the Stars—Coates.

Encore—Midsummer—Worth. Nocturne—Chopin. The Dance—Kreisler. Theme and Variations—Hubay. Encore—Hebrew Melody—Achron.

The artists were introduced by Mrs. G. H. Patrick.

Mrs. May and Jack Oldham for their work in behalf of the Sunday School. Mr. Lang as Envelope Secretary for the past year and to Rev. O. W. Lang and Mrs. Lang for coming to be present at the meeting.

Light refreshments and a pleasant social hour completed a very successful meeting.

DOUGLAS HIRTLE TALKS FROM LONDON TO HIS HOME TOWN STRATHMORE

Something new under the sun. For the first time in the history of Strathmore a local boy broadcasts from London, England and is heard distinctly in Strathmore, by his home people and many interested friends, who had the turned on to hear what Doug, had to say.

He is having a good time, and is listening in from 6:30 to 7:30 Monday evening. The message was clearly heard. It was good to hear the clear voice of Doug, and which provided much interesting discussion.

Further Plans will be read before selecting one for public production.

At the meeting of the B. Natural Music Club held last Monday at the home of Ellen McFarland, an interesting contest was planned, in which Georgina Koch and Elva Robison were the winners. Another novel feature arranged at the previous meeting by the Leader Miss Van Tighem was the suggestion that each member should select a piece of music and prepare it without instruction and play at this meeting. This was carried out, the young pianists acquitted themselves very creditably. The next meeting will be held at Mrs. Hildon's home Monday, February 5th.

Wednesday evening January 16th a pleasant social evening was held in the Dining Room of the Memorial Hall when Rev. Father Houlden was host. His guests being the Choir and Sunday School Teachers of Sacred Heart Church, Conestoga, a happy social hour and choice refreshments provided a very happy evening. Miss Gerry Van Tighem was presented with a pair of lovely kid gloves for her services as organist.

INTERESTING SERIES ON STRATHMORE COMMUNITY SERVICES WRITTEN BY LOCAL CITIZENS

To Be Published Each Week In The Standard

Believing that in every community there are many services carried on freely which are of far reaching effect, untold influence, and unrecognized benefit, The Standard, thought it would be interesting to summarize briefly some of these Community Services.

Hence with this plan in mind we have approached a number of our citizens who have very kindly consented to contribute articles.

We plan to set aside approximately 1 to 1 1/2 columns each week for these articles.

Some may be shorter, some if longer, may need to carry over to the following week.

A nom de plume for publication may be used if the contributor prefers.

Subjects articles are—The Church in the Community from a Clergyman's viewpoint.

The Church in the Community from a layman's viewpoint.

The Schools—their services to the Community and Adult Education.

The Town Fathers, (The Council) and their service.

The service performed by Women's Service Clubs and Lodges.

The service performed by Women's Service Clubs.

The bank and its service to the Community.

The Law and Keeping the Peace in the Community.

The merchants and Business Men of all lines—their service to the Community.

The C. P. R. in its many various branches and their service to the Community.

Municipal District of Bow Valley and its part in the Community.

Music and The Musical Club and its Cultural Service.

Sport—its influence and purpose in the Community.

The Press—and its service to the Community.

There may be additional articles. This list is as compiled to date.

THAT TYPOGRAPHICAL ERROR

The Standard is not prepared to say whether it is a prediction of future developments or just our sub-conscious mind writing over time, when in last week's paper we printed C. A. Dunlop, when we should have said C. A. Donning.

As yet, newspaper readers are more familiar with the name C. A. Dunlop, but Mr. C. A. Donning is a well known and gifted citizen and as Leader of the C. P. Party in Alberta, will undoubtedly be heard from very often in the future. We do not apologize to Mr. Donning for to connect him in thought with the able C. A. Donning would be an implied compliment to anyone.

However it was a mistake in print and as such we regret it.

Typographical Error—The typographical error is a slippery thing and why.

You can hunt till you are dizzy but it somehow will get by.

The forms are of the presses it is strange how still it keeps.

It shrinks down into a corner and it never stirs or peeps.

That typographical error, too small for human eyes.

Till the ink is on the paper, when it grows to mountain size.

The boss he starts with horror then he grabs his hair and groans;

The copy reader drops his head upon his hands and moans—

The remainder of the issue may be clean as clean can be.

But that typographical error is the only thing you see.

CHRISTIAN SCIENCE

"Life" is the subject of the Lesson-Sermon at all Christian Science Churches on Sunday. The Golden Text is 1 John 5:11. One of the Scriptural citations is "Be not overcome of evil, but overcome evil with good."

(Romans 12:21). One of the correlative passages from "Science and Health with Key to the Scripture" by Mary Baker Eddy, is "The scientific unity which exists between God and man must be wrought out in life practice, and God's will must be universally done."

This is where we women have a very important part to play in laying the blame on others.

"The spirit which we women now regard as individuals and as groups will determine the spirit in which we people behave in Europe's great testing time. The thief, carter and selfishness with which each one of us conducts our homes and our work will fortify the economic and moral position of the whole country. The selfishness we show to sacrifice our selfishness when need demands, will give courage and strength to those who bear the greatest responsibility for our land's future."

EDMONTON LETTER

By T. B. Windsor

Edmonton, Jan. 18.—Sale of the
bonds of Canada's first war loan of
this was opened in Alberta Monday,
with announcements that Alberta citizens
may have a full share of the \$200,000,
one issue if they want it.

Chartered banks, investment deal-
ers and recognized stock brokers act-
ed as dealers for the distribution of
the bonds, which are being sold in de-
nominations of \$5, \$10, \$50 and
\$100. The interest is 3.25 per cent an-
nually payable every six months with-
out charge through any branch of any
chartered bank.

The dominion government announced
that in settling allotments of the
bonds for distribution geographically,
it wanted to make certain that every
citizen wanting to have a part in
Canada's war financing could share in
it. For the same reason, the bonds
were issued in such a small denomina-
tion as \$5. And as a further means of
providing every opportunity for ordi-
nary citizens to have a part in the
loan, the dominion government ar-
ranged that banks should loan any ap-
plicant 80 per cent of the cost of a bond,
for not more than three months, at
low interest which would be cancelled
out by the interest yielded by the war
bonds itself.

The loan is to remain before the
public for not more than two weeks
beginning Monday. Expectations were
that it would be bought up quickly,
long before the two weeks expired,
but it was stated that if sale had not
been completed by that time, the re-
maining loan would be withdrawn. The
loan is for a maximum of 12 years, but
one fifth of it will be paid off in each
of the five years governing the loan.

The whole policy governing the loan
generally provides that all Canadian
citizens want a share of it will be able to
have it—and that it will be restricted

to Canadians so that the money which
Canada spends in waging war against
Hitlerism will remain in Canada, and
the industries arising from the war
will be money owed within Canada, to
Canadian citizens.

Up to the middle of January, Cana-
da has spent about \$120,000,000 on
this war, the heaviest cost in money
coming early in the hostilities because
supplies to get the battle machinery
established had to be purchased.

Now arrangements are almost com-
pleted, and actual work is beginning
for the establishment of an air force
training centres across the dominion,
mainly in the west and several of
them in Alberta, where war birds for
the whole empire will be given their
schooling. Planes are being built by
the hundreds. At the coasts, ships are
being built for Canada's navy. And
while the First Division of Canada's
army continues its training in Eng-
land, a report that part of it had gone
to France already having been declared
wrong last week, the extra units for
that division and the whole Second
Division are continuing training in
Canada, with formation of a Third
Division being discussed.

The United Farmers of Alberta are
holding their annual convention this
week in Edmonton. Robert Gardiner,
of Excel, president of the great organiza-
tion which provided the govern-
ment of Alberta for 13 years, said
there would be little likelihood of the
U. F. A. altering its decision, made at
the last convention in Edmonton, to
remain completely out of politics.
There was a resolution, however, for
a merger of the U. F. A. and the United
Farmers of Canada in Alberta, as well
as all other farm organizations, to
make one great farm body.

Co-operatives are showing increased
business and increased member-
ship, reports showed, and the outlook
for agriculture generally in the province
was declared bright.

At the same time, word from Ottawa
said that more than \$12,000,000, or
maybe \$15,000,000, will be paid by
the federal government to prairie farmers
in crop bonuses on the 1939 season,
through the dominion's new policy of
repaying farmers having crop failures
or partial failures.

Workers in another of Alberta's
great industries, coal mining, are pre-
sents to the dominion and provincial
governments a plea for establishment
of a sliding scale of wages, based on
variations in living costs in relation to
present wages. Such a scale would be
a war emergency measure, it was said.
The ultimate fate of the industry, of
oil industry and of all farmers, motorists
an other consumers depending
on the successful and efficient opera-
tion of that industry remains in the
balance, awaiting the presentation of
the report of Mr Justice A. A. McMillan
and Major Lipsett who acted as
a royal commission in the 15 month
sittings of the oil probe. It is expected
that the commissioners will pre-
sent their report to the Alberta leg-
islature session which begins Feb. 15,
and that the report will cover the vast
field of study which they brought into
the public hearings, sitting thoroughly
the allegations and suggestions made
by the commission counsel, J. J. Frawley,
K. C., of the attorney-general's de-
partment. Farmers will be interested
intensely in what the commissioners
say and the legislature does about Mr
Frawley's suggestions that city con-
sumers of gasoline pay only the city
cost, leaving farmers and all rural areas
to pay their full higher costs un-
altered, and that oil companies be forced
to discontinue loaning barrels to
farmers free making the farmers pay
instead.

A TASTY FISH DISH

Canadian canned lobster is a de-
lightful food and will repay you well
for taking the trouble to get to know
it. Luncheons, dinners after theatre
parties, bridge club refreshments, in-
formal snacks are occasions which call
for lobster. It can be used in casserole
and creamed dishes, in salads, sand-
wiches, canapés, omelets,
croquettes and a variety of other ways
to make interesting and elegant dishes
which are surprisingly economical.

Try these Lobster Cakes in your
dinner. They are perfect for a
lunch when you want to make an im-
pression.

1 cup thick white sauce
1 large can lobster (not broken)
1/2 cup crumbled bread
1/2 teaspoon salt
1 teaspoon lemon juice
1 tablespoon minced parsley
Dash of paprika
2 eggs, slightly beaten
Try these crumble
Mix white sauce, lobster and bread;
add salt, lemon juice, parsley and pa-

prica mixing well; chill. When stiff (35°F) about 2 minutes or un-
enough to handle, mold into cakes, oil golden brown. Approximate yield
dip in egg, then in crumble; fry in hot 8 portions.

UNITY OF CANADA

ONTARIO
GREAT IN RESOURCES

PREMIER HEBBURN says:

"ONTARIO STANDS READY"

"Ontario is responsible for one-half the industrial output
of the Dominion, and forty-four per cent of the entire pro-
duction from all sources. Translated into money, this means
over Two and One-Quarter Billion Dollars annually.

"By unanimous resolution of the Legislature, Ontario indicated her immediate
readiness to mobilize these immense resources on behalf of Great Britain and
France, the two great democracies from which most of our people have sprung.
"The issues in the present conflict have been so clearly drawn that our freedom-
loving citizens were never more unitedly resolved to accept the challenge. With
men, materials, and resources, Ontario stands ready."

(Signed) M. F. HEBBURN, Prime Minister.

ONTARIO has four hundred and twelve
thousand square miles with the largest
population in the Dominion, as well as
great diversity in activities. She has mines,
fruits, industries, woods, lakes and
mighty rivers. Ontario has lived up to her
opportunities, expanded her markets to all
parts of Canada and the Empire—buying
from all parts of Canada—selling to all
parts.

Remember, when you buy a Canadian-built
car, you are helping support an industry

that distributes more than \$22,000,000.00
annually in wages and salaries to many
thousand families dependent on the indus-
try itself. Add to these the families that are
supported by industries supplying raw and
finished materials to the automobile man-
ufacturers, and you get an idea of what this
activity means to the Canadian Home
Market.

A busy Automotive Industry in war time
is a live asset indeed—a truly national
war enterprise.

UNITY IS VITAL IN WINNING THE WAR

Our Soldiers, Sailors, Airmen—our
Industrial Army—our men and women
who are enlisted "During the Duration"
to assist in every way the Empire in her
struggle—all of these find their real
strength and esprit de corps in the
Unity of the Dominion that stands
behind them.

ALLIED AID TO FINLAND

John Bull is not beating his breast and shouting challenges at Joseph Stalin, but in giving vital aid to the Finns he is risking real trouble with the Soviet. So too are the French and the Swedes, but in both Moscow and Berlin it is Britain which is especially singled out for threats. This aid is going to Finland as part of the League of Nations movement to help her resist aggression, but Russia knows the arms and planes come from London and Paris, not Geneva.

Reports the last few days have shown a considerable amount of help going to Finland from Britain and France.

Those who have convinced themselves that nations are wholly selfish in anything they do may try to say that helping the Finns is only self-protection. Undoubtedly for all the nations which cherish freedom and order interests as well as ideals are involved in Finland's gallant stand. That is true even for America. But let us acknowledge that much of the effort in every country to help the

Finns springs from unselfish admiration for courage and decency.

Surely in the generosity which is providing aid there should be room for the appreciation of good motives. Certainly Americans can see that they risk little compared with the Allies. Britain and France might easily say, "Sorry; but one war at a time is enough." Not only are they facing the possibility of drawing Russia's attack; they can ill afford to give up any war supplies. They are striving to get planes for their own defense. They do not know what they may need should Germany open up full force in the Spring. Every bit of assistance they give the Finns is a real sacrifice. Let us pay tribute to it as to the widow's mite—though it is no mite in Finnish eyes, or Russian.

CANADA'S WAR LOAN

Subscriptions to Canada's \$200,000,000 War Loan are being rapidly taken up. The books are to remain open for a maximum of two weeks.

The finance minister may however close them at any time with or without notice.

To aid investors who may be short of cash at the moment the banks have agreed to advance 50 per cent of the face value of the bond for a period not exceeding 3 months.

The bonds are to bear interest at

3 1/2 per cent. Interest coupons from the bonds will be cashed as far as any Canadian bank in Canada.

On your part in winning the War, on the economic front, by buying Bonds, as many as you can.

WILFUL DESTRUCTION OF PROPERTY, PUNISHABLE BY LAW

In another part of this issue will be found a news item dealing with wilful damage done to the Club Cafe. It has been reported to the Police that certain young men are in the habit on Saturday evenings gathering in the Club Cafe, carrying on in a noisy manner and damaging property, as a result of which one young man was fined \$5.00 and costs.

The reckless conduct of these young people would lead one to think that there is nothing to stop them, but one of them has found out that there is in Canada a law which will prevent such mischief, and we trust that this prospect will be a warning to them. It is a foolish as well as destructive action.

WALTZ TIME

This is station CFAC, Calgary—Every Friday night at 7 o'clock MST through the courtesy of Pauline of Magnesia, we bring you one of America's finest dance bands, Abe Lyman and his Orchestra with Frank Muniz, Texier, and the Manhattan Chorus. We know you will enjoy listening to this new program, since it fulfills the listening public a very definite need for Friday night entertainment. This is the first time that Abe Lyman's orchestra has been brought in to Canada on a sponsored program and we feel certain that Waltz Time will be a grand program, so have your dials tuned in next Friday night at 7 o'clock.

ALONG THE BOULEVARD

And here again, CFAC brings to its listening audience a program of stimulating nature. The Bayer Aspirin Company of Canada brings to you "Along the Boulevard" from 7.30 to 8 p.m., every Friday night, starting Jan. 12th.

"BIG TOWN" PLANS—A change in the previously announced plans to broadcast Edward G. Robinson's "Big Town" from New York City for three weeks beginning January 16 has been forced because of a laryngitis attack suffered by Robinson. Well enough to broadcast, but not to travel, Robinson will air his regular shows from Hollywood on the 16th and 17th, arriving in New York in time for the broadcast of January 23rd.

Charlie Foreyth, Lux Radio Theatre sound expert, has the world's only pair of glass surgical instruments and incidentally, the dullest. They are made of glass so their tinkle can be heard during operating room scenes. He used them when the tinkle of an instrument was needed in "Dark Victory."

LINE ELEVATORS ADOPT NEW NAME

"A new name more descriptive of the organization has been adopted by the North-West Grain Dealers' Association," said G. W. P. Hoffmiller, President, in a statement issued recently. "The new name is North-West Line Elevators Association. The former name was adopted in the pioneer days of grain growing and trading in Western Canada. Membership in the Association is limited to country elevator organizations whose function is the handling of grain."

"The function of the North-West Grain Dealers' Association has been that of a service organization to companies who operate a total of 3,711 line country elevators and terminal elevators with a total capacity of 31,000,000 bushels, and the farming community which they serve. Line elevators have centralized their efforts for the advancement of agriculture through this organization," the statement continues. "The latest move of the Association is endeavoring to extend its usefulness by being the organization of an Agricultural department under the direction of Dr. K. W. Neatby, one of the outstanding field crop authorities of Western Canada. This Department is organized for the sole purpose of rendering additional assistance in the struggle for a healthier and more prosperous agricultural industry on the prairies. Undertakings of line elevators in recent years include—active participation in the work of the Truckers committee in urging continuation of the Canadian Wheat Board and a guaranteed minimum price of 50 cents for wheat; adoption of a Western division of the

Under The Street Lamp

One of the more recent famous inventions are eyeglasses with vertical stripes for bank tellers, so they can recognize their clients when they meet them on the streets.

Two charter members of the lions were discussing the table manners of a new member. "Well what do you think of him?" asked George Anderson. "Very remarkable," replied Pop Hirtle thoughtfully. "I've heard soup gargled and spooned, but upon my word, that's the first time I've ever known it to be yodelled."

Several blind headed egrets have been seen in America recently. This some what shakes the theory that going without a hat makes the hair grow.

An exchange interprets Moral Re-Armament to mean: "Love Thy Neighbor as Thyself, But Leave His Wife Alone."

Local Registrar of Marriages (to youthful bridegroom): "The young lady is not a minor, is she?"
Norman Ellis: "Oh no. She's been operating a beauty parlor."

Norman Taylor in Calgary on Saturday: "There are three liquor stores in this city, and I'm proud to say that I've never been in one of them."
Scotty McGregor: "Which one was that?"

Art Hay (phoning long distance from Ogden, Utah): "But operator, just let me make a special rate for just listening! I want to phone my wife."

DOMINION OF CANADA FIRST WAR LOAN \$200,000,000

The Bank of Canada is authorized by the Minister of Finance to receive subscriptions for a loan to be issued for cash in the following terms:

3 1/4 Per Cent Bonds

To be Redeemed by Annual Drawings by Lot as follows:

20% of the Loan on February 1, 1940 at 100.00
20% " " February 1, 1941 at 100.00
20% " " February 1, 1950 at 100.00
20% " " February 1, 1951 at 100.50
20% " " February 1, 1952 at 101.00

Issue Price: 100% and accrued interest.

The proceeds will be used by the Government to finance expenditures for war purposes.

Payment is to be made in full against delivery of interim certificates on or after February 1, 1940.

Principal and interest will be payable in lawful money of Canada. Interest will be payable without charge semi-annually at any branch in Canada of any chartered bank. The Bonds will be due February 1, 1940.

Denomination of Bearer Bonds: \$50, \$100, \$500, \$1,000

The Minister of Finance may, at his discretion, authorize the Bank of Canada to accept applications to convert Dominion of Canada 3% Bonds maturing March 1, 1940, into an equal par value of additional bonds of the above issue. The 3% Bonds accepted for conversion will be valued at 100.17% and accrued interest to date of delivery.

Cash subscriptions and conversion applications may be made to the Bank of Canada, Ottawa, through any branch in Canada of any chartered bank or through any approved investment dealer or stock broker from whom copies of the official prospectus containing complete details of the issue may be obtained.

The Minister of Finance reserves the right to allot cash subscriptions in full or in part.

Subscription lists will open at 9 a.m., E.S.T., on January 15, 1940, and will remain open thereafter for not longer than two weeks, but may be closed at any time at the discretion of the Minister of Finance, with or without notice.
